

User Interface

**These instructions are to be used with the
following Jandy Pro Series spare parts kits:**

R0591900 User Interface Control Kit

 **WARNING**

FOR YOUR SAFETY: This product must be installed and serviced by a contractor who is licensed and qualified in pool equipment by the jurisdiction in which the product will be installed where such state or local requirements exists. In the event no such state or local requirement exists, the installer or maintainer must be a professional with sufficient experience in pool equipment installation and maintenance so that all of the instructions in this manual can be followed exactly. Before installing this product, read and follow all warning notices and instructions that accompany this product. Failure to follow warning notices and instructions may result in property damage, personal injury, or death. Improper installation and/or operation can create carbon monoxide gas and flue gases which can cause serious injury, property damage, or death. For indoor installations, as an additional measure of safety, Zodiac Pool Systems, Inc. strongly recommends installation of suitable carbon monoxide detectors in the vicinity of this appliance and in any adjacent occupied spaces. Improper installation and/or operation will void the warranty.

Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance.

WHAT TO DO IF YOU SMELL GAS

- Immediately switch off main gas supply.
- Do not try to light any appliance.
- Do not touch any electrical switch; do not use any phone in your building.
- Immediately call your gas supplier from a neighbor's phone. Follow the gas supplier's instructions.
- If you cannot reach your gas supplier, call the fire department.

Installation and service must be performed by a qualified installer, service agency or the gas supplier.

Before starting the installation, check Table 1 to identify each of the parts required for this installation. If any parts are missing from the kit, please call your local distributor for assistance.

 **WARNING/SHOCK HAZARD**

Turn off all switches and the main breaker in the pool/spa heater electrical circuit before starting the replacement procedure. Failure to comply may cause a shock or hazard resulting in severe personal injury or death.

While disconnecting and/or connecting any electrical wiring in the appliance, be careful not to damage or abrade any of the wiring.

Disassembly:

1. Verify you have all necessary parts (see Table 1 below).

KIT PART NO.	COMPONENT DESCRIPTION	QUANTITY
R0591900	User Interface Assembly, includes Gasket	1
	Screw, #6	5

Table 1. Replacement Kit parts

2. Turn off the electrical power to the heater.
3. Turn off the main gas supply to the heater at the meter or the manual gas cock outside the heater.
4. Make sure the filter pump is off and will remain off for the duration of the installation procedure.
5. If the heater is below the surface level of the water in the pool or spa, close all shut-off valves between the heater and the pool.
6. Remove five (5) screws from the user interface housing.
7. Lift the user interface out of the top housing and lay it on top of the heater.
8. Noting the position of each wire, disconnect wires (black, orange, blue, and red) from the terminal block connection on the universal controller board by loosening the terminal screws (see Figure 1).

Figure 1. Universal Controller Wiring Connections

Assembly:

1. Connect wires from the terminal block to the new user interface (black, orange, blue, and red) and secure by tightening the terminal screws (see Figure 1).
2. Place the user interface securely in the heater housing.
3. Replace five (5) screws.
4. Restore power to the heater.
